Subject: **Support of Cisco VPN Client 5.0.03**

G:\gbi\msc\msc mgmt\GRP_FAX\Fx8\Draft\SWX-MSC-FAX-20080905E-01.doc

Dear Participants

Please be advised that **Cisco VPN Software Client 5.0.03.0560** will be supported for Eurex Repo as from 8 September 2008.

Note that this upgrade is **optional**. However, participants intending to upgrade to Windows Vista Business are required to also upgrade to Cisco VPN Software Client 5.0.03.0560.

To upgrade your VPN Client, proceed as follows:

Stage 1: Downloading New VPN Client Software

1. Access the CVI Public Website:

https://www.swx.com/members/cvi/software_en.html

Hint: Your logon information is contained in the sealed envelope you received for the initial installation.

2. Download the following item and save it on your file system:
 - **Cisco VPN Tunnel Software** (SWX_CVI_VPNClient.exe)

Stage 2: Removing Old VPN Client Software

1. Exit all applications.
2. On the taskbar, click the **Start** button, point to **Settings** (Windows 2000 only), and then click **Control Panel**.
3. Click **Add/Remove Programs**, select the appropriate Cisco installation, and then click **Remove**.

Stage 3: Installing New VPN Client Software

1. Double click on the downloaded Cisco VPN Client file you have saved on your file system.
2. Follow the instructions of the installation wizard.
3. Restart your computer.

Documentation

For more details, also refer to the document 'CVI - Common VPN Infrastructure Setup', which you can download from the Common VPN Infrastructure Web page:

https://www.swx.com/members/cvi/software_en.html
