Subject **Reminder: Migration to New VPN Infrastructure for Eurex Repo/SecLend**

Action Required

Dear Participants

Please be reminded that the period for migrating to the **new SCAP VPN infrastructure** (SCAP = SIX Swiss Exchange Common Access Portal) will end soon.

As announced earlier in the [MSC Message of 8 Dec 2009](#), all Eurex Repo/SecLend Participants are required to migrate to the new SCAP infrastructure within the migration period given below:

Environment	Start of Migration	End of Migration
Membertest	7 December 2009	29 January 2010
Production	14 December 2009	26 February 2010

If you have not yet migrated your Eurex Repo/SecLend installation to the new SCAP connectivity, please make appropriate arrangements to complete your migration as soon as possible. **Please note that you will not be able to connect to Eurex Repo/SecLend using the current CVI VPN connection after 26 February 2010!**

For full details and instructions on how to migrate to the SCAP infrastructure, please refer to the latest version of the document "**CVI to SCAP Migration Guide**", which is attached to this MSC Message.

Kind regards,
Eurex Repo Technical Helpdesk

If you have further questions, please contact your Eurex Repo Technical Helpdesk or send an e-mail to techhelp@eurexrepo.com.
