 Subject **Operating Systems and Java Runtime Environments for  
 Eurex Repo Trading Client Releases in 2010**

Dear Participants

This message is to inform you about the planned Eurex Repo Trading Client (TC) releases in 2010 and the requirements for the Java Runtime Environment (JRE) and the operating systems.

The scheduled production live dates, version numbers and required JRE versions are given below:

| Trading Client Version  | 10.2.7                                       | 10.3.6                                       | 10.4.x                                       | 11.x.x                                       |
|---|--|--|--|--|
| <b>Production Live Date</b>   | current release                              | current release                              | 28 June 2010                                 | 22 November 2010                             |
| <b>Obligation</b>   | mandatory                                    | optional                                     | optional                                     | mandatory                                    |
| <b>Required Version of JRE</b>  | 1.6.0_06                                     | 1.6.0_06                                     | 1.6.0_18                                     | 1.6.0_18                                     |
| <b>Operating System for all Applications</b>  | Windows XP SP2<br>Windows Vista Business SP1 | Windows XP SP2<br>Windows Vista Business SP1 | Windows XP SP3<br>Windows Vista Business SP1 | Windows XP SP3<br>Windows Vista Business SP1 |
| <b>Additional Operating System for USP Proxy (Concentrator) and Participant API</b> | Windows Server 2003                          | Windows Server 2003                          | Windows Server 2003                          | Windows Server 2003                          |
| <b>Additional Operating System for Participant API</b>                              | Solaris Sparc                                | Solaris Sparc                                | Solaris Sparc                                | Solaris Sparc                                |

Additional information including a detailed schedule about the introduction of the Eurex Repo releases will be sent to you in due course.

Kind regards,  
Eurex Repo Technical Helpdesk
