

# Eurex Clearing's C7 release 4.0 migration newsflash XIII

## Closure of C7 release 4.0 mailbox

### Content

1. Introduction
2. our eye principle in role assignment for C7 CMS entitlement
3. Closure of C7 release 4.0 mailbox

### 1. Introduction

With [circular 046/17](#) Eurex Clearing announced the introduction of C7 release 4.0. The production migration of collateral positions was successfully conducted on 2 December 2017.

Eurex Clearing Collateral Management Services are now fully migrated to the C7 Clearing GUI. Eurex Clearing would like to thank all participants for your support in achieving this successful migration to C7 release 4.0.

### 2. Four eye principle in role assignment for C7 CMS entitlement

During the user migration from Eurex Classic Clearing GUI (@X-tract) to the C7 CMS role assignment is transferred to the new entitlement system. Please note that single privileges belonging to the role i.e. "Collateral Cash Deposit Add" were set to entitlement level "3", which does not require four eyes principal.

The four eye principal procedure requires level "2" and must be set by system administrator for each user separately.

Therefore, Eurex Clearing strongly encourages the member to check if the user entitlements are still conform with the internal policies or have to amend accordingly.

### 3. Closure of C7 release 4.0 mailbox

The C7 release 4.0 mailbox ([C7release4.0@eurexclearing.com](mailto:C7release4.0@eurexclearing.com)) will be closed from start of business 11 December 2017. For further inquiries please contact [clearing.services-admission@deutsche-boerse.com](mailto:clearing.services-admission@deutsche-boerse.com).

Kind regards,  
Your C7 Readiness Team
